

"It's beyond me how anybody can look at these protesters and call them anything other than what they are: anti-American, anti-capitalist Marxists and communists."

--Rush Limbaugh

This is what Rush Limbaugh thinks of *you*. That anyone who goes against the pro-war agenda is 'anti-American.'

**What can you do about it?
We'll tell you.**

BOYCOTT RUSH LIMBAUGH!

Let Limbaugh's advertisers know that you will not stand for his insulting members of the growing opposition to war in Iraq. Remind them that a good number of anti-war protestors honored their country by serving in the military-distinguished service which Limbaugh himself *avoided*.

Here is a partial list of companies who sponsor Limbaugh's program. Call, fax or email them with the message that you will not support companies who support the divisive and hateful 'Rush Limbaugh Radio Show.'

Hate radio 'entertainers' like Limbaugh have gotten rich by preying on prejudice, bigotry and hate. Limbaugh has had ten years of bullying his opposition by innuendo, insults and lies masquerading as 'statistics.'

It's time to let Limbaugh know he cannot get away with dividing Americans for the sake of his own paycheck.
